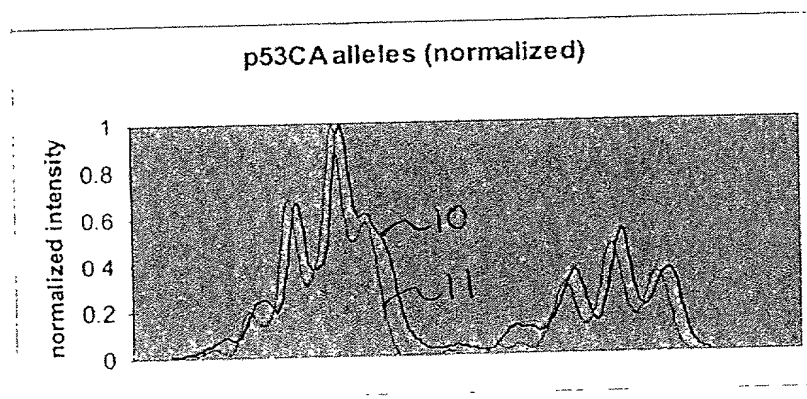

Figure 6B

Figure 1 is a bar chart titled 'Distribution of the number of children per family in 1990'. The horizontal axis (x-axis) is labeled 'Number of children' and ranges from 0 to 10. The vertical axis (y-axis) is labeled 'Percentage of families' and ranges from 0 to 0.7. The bars represent the percentage of families for each number of children. The distribution is unimodal and slightly right-skewed, with a peak at 4 children (approximately 0.68% of families). The percentage of families decreases as the number of children increases beyond 4.

Number of children	Percentage of families
0	0.00
1	0.02
2	0.05
3	0.12
4	0.68
5	0.42
6	0.28
7	0.25
8	0.18
9	0.12
10	0.05
